"TREE PLANTATION DRIVE"

REPORT

That's great to hear that the NCC unit is organizing a **Tree Plantation Drive** in college campus on **05/06/2023** to celebrate **World Environment Day**. Tree plantation drives are important initiatives that help to promote environmental awareness and contribute to the overall well-being of the planet. By planting trees, the NCC unit is actively participating in the restoration and conservation of the environment.

The outcome of the Tree Plantation Drive can have several positive effects:

Environmental Benefits: The primary outcome of tree plantation drives is the increase in the number of trees, which helps combat deforestation and promotes biodiversity. Trees play a crucial role in carbon sequestration by absorbing carbon dioxide and releasing oxygen, thereby mitigating the effects of climate change. They also help in reducing air pollution, conserving water, and preventing soil erosion.

Aesthetic and Health Benefits: Planting trees enhances the aesthetic appeal of an area. It adds greenery and beauty to the surroundings, making it more pleasant and inviting. Moreover, trees provide shade, which can help to reduce the urban heat island effect, providing relief during hot summer days. Being in the presence of trees has also been shown to have positive psychological and physiological effects, reducing stress and improving overall well-being.

Educational and Awareness Building: Tree plantation drives serve as opportunities for education and awareness building regarding environmental conservation. They provide a platform to educate participants, especially students and volunteers, about the importance of trees, the role they play in the ecosystem, and the need for their preservation. By actively engaging in such drives, participants develop a deeper understanding of environmental issues and are more likely to adopt sustainable practices in their lives.

Community Engagement: Tree plantation drives often involve community participation, bringing people together for a common cause. Such events foster a sense of community and collective responsibility towards the environment. They provide an opportunity for individuals to actively contribute to the betterment of their local environment, creating a positive impact on society as a whole.

Overall, the Tree Plantation Drive organized by the NCC unit on World Environment Day will have a positive impact on the environment, promote awareness and education, engage the community, and contribute to the long-term well-being of the ecosystem.

Pro. Prin. Dr. P. S. Mane and forest officer Mr. Patil Saheb are planting of trees in college campus. 26 Students participated in this drive and faculty member Dr. Uddhav Ghodake, Pr. Gangode and Lt. Dr. Samadhan Shinde conducted this activity successfully.

Report of

Swachhata Hi Seva

The 'Swachhata Hi Seva Abhiyan' (Cleanliness is Service Campaign) organized by the NCC (National Cadet Corps) unit on 01/10/2023, on the occasion of **Mahatma Gandhi's Birth Anniversary**, aims to promote cleanliness and hygiene in the community.

The outcome of this campaign can be multifaceted:

Cleaner Surroundings: One of the immediate outcomes would be cleaner public spaces. NCC cadets and volunteers can engage in cleaning parks, streets, public buildings, and other areas, leading to a visible improvement in the cleanliness of the locality.

Awareness and Education: The campaign provides an opportunity to educate people about the importance of cleanliness and hygiene. Awareness programs, workshops, and seminars can be organized to spread knowledge about sanitation, waste management, and related health issues.

Behavioral Change: Through awareness campaigns, people's attitudes and behaviors towards cleanliness can be positively influenced. Encouraging habits like proper waste disposal, avoiding littering, and maintaining personal hygiene can lead to long-term positive changes in society.

Community Participation: Engaging the community in cleanliness drives fosters a sense of responsibility among citizens. When people actively participate, it creates a collective effort towards maintaining cleanliness, leading to sustained cleanliness in the future.

Health Improvement: Cleaner surroundings directly contribute to better public health. Reduced litter and proper waste management can help in preventing diseases spread by unclean environments. This, in turn, can lead to a healthier population.

Inspiring Others: NCC cadets and volunteers, by actively participating and leading such initiatives, can inspire others in the community to take similar actions.

Setting an example can create a ripple effect, encouraging more people to join the cause of cleanliness.

Government and Institutional Support: Successful execution of the campaign might attract support from local authorities, NGOs, and other institutions. This support can lead to more resources being allocated to sustain cleanliness initiatives in the future.

Sense of Pride: A cleaner environment instills a sense of pride among residents. When people take ownership of their surroundings, they are more likely to work towards maintaining the cleanliness, ensuring a lasting impact.

It's important for the NCC unit to plan and execute the campaign effectively, involving the community, local authorities, and other stakeholders. By doing so, the campaign can achieve its objectives and contribute significantly to the cause of cleanliness and hygiene in the area.

Cleanliness drive was organized on the 01/10/2023 on occasion the Mahatma Gandhi's birth anniversary. Cleanliness is the need of an hour. Day by day the use of plastic is increased everywhere. It is an urgent need of plastic free surrounding. Therefore, the NCC unit has organized a Cleanliness Campaign in college campus. Vice-Principal Prof. Dr. Bal Kamble also stressed the importance of Cleanliness in our life.

The volunteers have cleaned the surrounding of the college premises, and surrounding of Karmveer Bhaurao Patil and Shripatrao Kadam memorial. The internal roads were cleaned by the volunteers. In this drive 46 students were participated.

"World AIDS Day"
REPORT

The NCC unit of Shripatrao Kadam Mahavidyalaya, Shirwal and organized Organize 'Lecture on AIDS Awareness' on 05th Dec 2023 on Thursday by the Dr. Abhishek Gavande Medical Officer Primary Health Center, Shirwal on the occasion of "World AIDS Day". Dr. Abhishek Gavande talked, World AIDS Day remains as relevant today as it has always been from 1988. There is a critical need to increase funding for battling this deadly disease as the expectancy rate is high. Reminding the public to show empathy towards people who are diagnosed by HIV is the sole purpose of this day. To end stigma and discrimination faced by the affected and to improve the quality of life of people living with HIV, is the main reason for why World AIDS Day is celebrated. I hope that this speech created an impact on all of you about World AIDS Day. It is my privilege to speak about this significant day and to create awareness about this deadly disease amongst us all. Thank you all for listening to my speech!

Principal Dr. Bal Kamble, Vice- Principal Prof. Dr. P. S. Mane, Dr. Uddhav Ghodake, also present for the programme. Associate NCC officer Lt. Dr. Samadhan Shinde very carefully organized this programme successfully.
